3. Capacity building

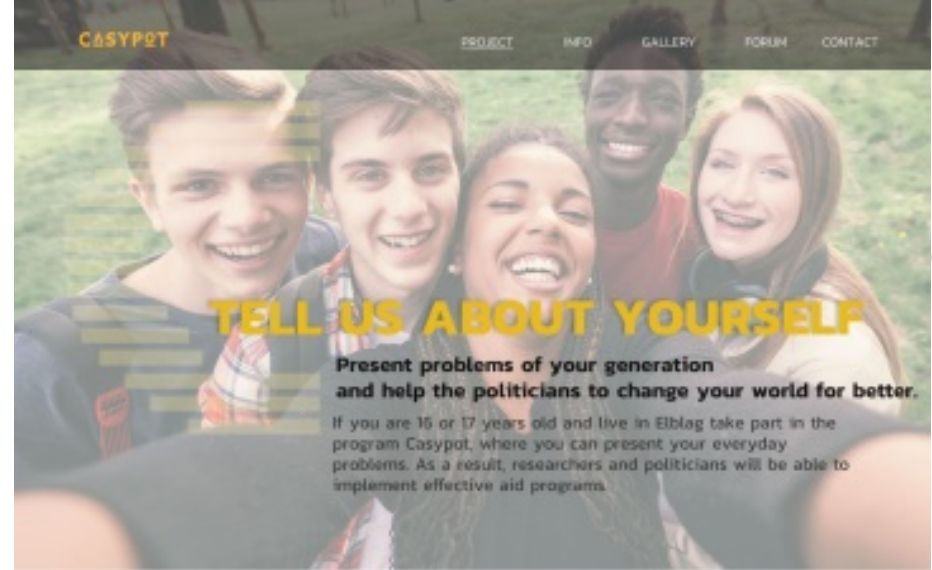

- What obstacles for cooperation in the project did you encounter?

4. Webpage

- Needed information from partners
- Joint for CaSYPoT and CaSYPoT-Ru
- Currently test version

SI.

TELL US ABOUT YOURSELF

We have created this forum as a platform to exchange information among youth from four countries in the Baltic region, which will allow us to help young people with their problems.

You can share information without worry, about your region, city, environment and society. You can tell us all about your fears, your joys, what interests you, and your abilities.

You can tell us about your ideas of what to change to create a more satisfying place for you to rethink our youth life.

Let us get to know you. Thanks to your information we will be able to create projects that will assist you with the issues you face as a young adult.
